CONNECTING TO YOUR ACCOUNT

1. I don't have an account
If you have not yet registered, follow this link to create your account and get started. Register

2. I forgot my password
If you forgot your password, follow this link to reset your current password. Forgot Password

3. **Here, you will input information** related to your account, such as your **account number, email, and office phone**. The account information will **NEED TO MATCH THE INFORMATION ON FILE.**
4. Once you have registered, proceed to log in to your account. You will see a variety of options at the top of the page. To upload photos, you will need to hover your mouse over "**Cases**" and select "**Upload File Attachments.**"
5. On this page, fill in the **patients first and last name with a description** such as "Shade Photos."
6. In the "**Notes**" box, you have the ability to add any notes that you would like with the photos, such as "Match shade to tooth #10."
7. Click "**Browse Files**" and select the photos you would like to upload.
8. Lastly, click "**Upload Files**" at the bottom, and the photos will be instantly uploaded to your account for us to view.
